## EXPERIENCE

---

### Front End Developer

October 2020 – Present

*Freelance*

*Fort Lauderdale / Remote*

- Strengthened Google search engine rankings by full redesigns of existing websites to improve navigation, and enhance visuals.
- Collaborated with developers on project specifications, strategy and execution to build new pages and update existing ones.
- Updated website as instructed by client to introduce new features and content.
- Helped clients to troubleshoot/fix the issues, migrate servers, increase the speed of their website, optimize and secure their code.
- Handled all written communications between hosting companies and clients.

### Front End Developer

June 2021 – May 2022

*Mower Agency*

*New York / Remote*

- Set up and maintained an Effective Continuous Integration and Continuous Delivery Pipeline across clients' repositories.
- Standardized all output with a new, responsive, mobile-first approach and strategy.
- Assessed UX and UI designs for technical feasibility.
- Improved accessibility by 100% by delivering WCAG AA complaints.
- Enhanced WCAG AA accessibility knowledge through educating designers and developers.
- Performed code reviews, code refactoring, and mentor other developers in best practices.

### Front End Developer

March 2019 – October 2020

*The Clorox Company*

*Fort Lauderdale / Remote*

- Implemented new responsive, mobile-first approach which increased mobile traffic by 20%.
- Improved accessibility by 100% by delivering WCAG AA compliant.
- Interfaced with user experience designers and other developers to ensure thoughtful and coherent user experiences across multiple websites.
- Collaborated with a team of developers to build an e-commerce platform with Magento.
- Collaborated with a marketing team to build WCAG AA accessible marketing landing pages.

### Documentation Specialist

July 2016 – March 2019

*The Clorox Company*

*Fort Lauderdale / Onsite*

- Reduced document preparation time by 50% by built a Finished Product Specification with Python.
